## High-Speed Wireless Internet Outside City Limits!

Announcing High-Speed, Wireless Internet Access - service that goes beyond traditional DSL and Cable. If you're outside city limits, you're inside our service area.

Check for availability in your area! We have over 2,500 square miles of coverage, and are constantly adding more. Sign up today, and be flying through the Internet in just a few days!

### Internet Access

Get the "always on" high-speed Internet access you want with Internet America DSL. Unlike dial-up Internet access, Internet America DSL allows you to talk on the phone even while you are connected.
